New Opportunities / Services-Other

Nationwide maintenance, installation and repairs franchise

Oncore is the NZ's repairs, maintenance, installation and decorating franchise from the people behind the award winning Refresh Renovations and Zones Landscaping. Refresh Renovations and Zones Landscaping have been two of the most spectacular success stories in franchising in the last five years.

nzfranchises.co.nz/105058

Based on meticulous research and sound planning, the home renovations and landscaping franchises are well on their way to covering the country. Those who spotted the opportunity early have benefited and built sizeable and sustainable businesses as franchisees.

Oncore will do for maintenance, repairs, installations and decorating what Refresh does for renovations and Zones does for landscaping. If you are interested in starting your own successful Oncore franchise, please don't hesitate to get in touch with us.

Business Resources

The Team provide comprehensive training & world class marketing platforms; business management systems and supplier networks are in place for you to leverage to deliver profitable maintenance and repair jobs .

Franchisees commence working on the sales side of the business, supported by employed or subcontracted builders & handymen to take care of the project side.

As franchises grow, franchise owners move into more of a management role, and bring on additional sales and project staff.
