

Eatery Franchise for Sale New Zealand Wide

Big Fig's 'slow food, served fast' is fast food for people who love delicious home cooking with a side of family vibes.

At Big Fig customers choose a small, medium or big plate and our servers fill their plate from a selection of slow-cooked meat dishes, tasty braises, pilafs, tagines and delicious salads. The model includes sitdown dining, an in-house bakery, a thriving takeaway business plus catering. Our fans include everyone from enthusiastic meat-eaters and gung-ho flexitarians, to dedicated vegans.

Best of all, Big Fig is not only a delicious concept but an ethical business built on values of family, sustainability and cooking with soul.

Within six months of opening, Big Fig Wanaka was a hit with locals, #1 on Trip Advisor, and had made thousands of raving fans out of Wanakas many holidaymakers. We have a 4.7 average from our 1,457 Google reviews.
