

Own a business where the reward is seeing kiwis become active and confident

After launching in Australia in 1994, Kelly Sports first arrived in New Zealand in 2007.

At Kelly Sports, we encourage kids to have fun and give sports a go. Physical activity sets kids up for a better life by improving fitness, building confidence, developing communication skills, teaching respect and empathy, and giving them a positive outlet to channel their energy.

Our programmes are delivered both after school and during school curriculum time. Kelly Sports is continually building strong partnerships with sporting bodies and clubs, as this is paramount for keeping kids active and involved in sports. Our vision is to continue to grow and inspire kids throughout New Zealand.

An Opportunity has arisen to purchase own Kelly Sports Dunedin, in 2023 they were award the best Growth Zone across our 13 franchises in New Zealand.

Few jobs are more rewarding than working with kids, and there are not many businesses that allow you to make it your career. Good quality sports coaching makes a real difference in kids lives, and being able to play a key role in helping them develop their skills and confidence is magical.
