Flooring Franchise with No Monthly Royalty

Get all the benefits of a Franchise without having to pay the franchise/royalties normally associated with a Franchise. A small marketing contribution is all that is charged.

- * The business has been fully managed for over a year with just oversight from the owner
- * This is an industry that provides a service that will always be required - people are always going to need floor coverings in their homes and businesses.
- * A well-established business has been trading in Hastings for over twenty years and is very profitable.
- * Good contacts already in place with local builders, large and small. A lot of repeat business comes via their database, much of it being down to insurance claims.
- * Current owners are pretty much hands off as they are tied to their other business dealings. So, this business has come off a little as the poor cousin in terms of time spent building it up. A new owner who is prepared to put the time into making new contacts, could see the business grow even more.
- * The turnover is growing year on year, 2023 excluded due to Cyclone Gabrielle, but it wasn't down by much.
- * A contract has just been signed with a large developer who has many plots of land throughout Hawkes Bay. The on-going work from this one developer should see work come in for probably the next ten years or more.

Great business, great turnover and great return to the owner. It just needs a new owner to take it through to its next level.

Asking Price: \$370,000 (includes \$103,000 stock)
