Type: **Franchise Resale / Services-Other**

Auto Mobile Grooming business for sale \$19000 comes with equipment and Van.

Are you ready to take control of your future with a business that offers flexibility, a solid reputation, and strong systems? Look no further!

SelectValet is one of the best car cleaning Franchise in New Zealand, we have excellent team, best quality in service, and good regular works.

I have just bought this business, but the family plans have changed, so I am selling my business to another responsible person.

1. Managing your own business is not a dream, it is simple and very easy, there are currently some customers in my business, but the Regional Master Franchisee can provide new customers for you to grow.

2. You will be managing your own clients, giving you flexibility, and you can take day offs to have a family day whenever you want.

3. SelectValet is 100% kiwi owned business, have lots of experiences on cleaning basically every type of vehicles, like cars, buses, trucks, campervans, boats, diggers, loaders, heavy machinery, etc...and we can do a perfect job without water, with our waterless system, it is convenient and can do it everywhere, very competitive.

4. Good hourly rate, you are basically earning around \$75 per hour on average.

5. Not much competition, I know lots of the guys on the market for cleaning cars, but since I have seen lots of their works, and after talking to clients about it, I realized, there are not many groomers can compete with SelectValet Standard,

that is why we are so successful.

6. Training is included in the price, as well as all the equipment, and the sign written station wagon, you can start making the money right after the training is completed.

7. There is a good potential for you to grow the business if you are following the SelectValet system correctly.

Looking for a quick sale due to family issue.
