High-Demand Driving Service with Growth Potential

Driving Service with Strong Demand & Huge Growth Potential

Caring community, flexible hours, and a service with heart - this franchise has it all.

Started in June 2024, Driving Miss Daisy Hamilton South-West has quickly built a loyal client base across two large territories.

Offering companion driving services for seniors, children, and those with mobility challenges, it's a business that truly makes a difference.

Based from home, the business operates efficiently with low overheads, providing services across a wide swathe of Hamilton. With over 200-300 clients served weekly, it enjoys regular bookings, positive word of mouth, and a respected national brand behind it.

Highlights:

- * Home-based operation with minimal fixed costs
- * Fleet of three well-maintained, branded vehicles
- * Strong demand with over 500 client contacts
- * Established referral network (ACC, rest homes, health providers)
- * National franchise support and training included

There's ample untapped potential in expanding to weekends and evenings, as well as growing services for the disability and youth sectors. With a rapidly ageing population, this business is well positioned for continued growth.

This rewarding franchise is ideal for a community-minded owner-operator or couple with strong people skills and a heart for service. Full training and onboarding support are available to ensure a smooth transition.

This is your chance to step into a respected, values-driven brand with built-in demand. Opportunities like this don't last - enquire now!
